## BERG GRAN TOUR

*Inspiring Active Play*

This fantastic family bike supplies fun for the whole family. With its attractive appearance and low-maintenance design, this bike has been popular for years at camping grounds, family resorts and rental outlets. The rear seat positions are easily adjustable and have the pedals, handlebar and brake. The front seat positions are suitable for child passengers or luggage. The Gran Tour is also equipped with a freewheel, handbrake and parking brake. And the front seats have retractable seat belts. The Gran Tour can also be tilted over the back wheels, so that it can be parked compactly when not in use.

- Robust Frame
- Reliable
- Flexible
- Available in Race and Off-road versions
- The rear seats are adjustable
- Extra grip and comfort due to inflated tyres
- Parking brake for extra safety
- Suitable for users over 5 years old

### 1. ROBUST FRAME

The BERG Gran Tour is built on a very robust frame that includes a swing axle. Small bumps are therefore no problem at all.

## 2. RELIABLE AND FLEXIBLE

Both the BERG Gran Tour Racer and the Gran Tour Off-road are equipped with a sturdy handbrake and parking brake. The front seats are fitted with self-retracting safety belts.

The rear seats are easy to reposition. The front seats provide room for children or luggage.

### 3. RACE OR OFFROAD

The BERG Gran Tour is available in two versions: the BERG Gran Tour Racer and the BERG Gran Tour Offroad. The Racer is fitted with large, narrow tyres to allow this family bike to whiz smoothly and rapidly over sealed paths.

The Offroad is fitted with robust 18 inch all-terrain tyres, making this family bike suitable for unsealed terrain as well. The smaller diameter of the tyres makes the Offroad pedalling a bit lighter than the racer.

**NB:** the Gran Tour is not suitable for loose surfaces such as sand and mud.
