

BERG DEUTZ-FAHR

Farm

Especially on the farm you can find the freedom and space to enjoy outdoor adventures. This BERG Deutz-Fahr pedal go kart will support you during these adventures. It is an officially licensed product and the design is based on real Deutz-Fahr tractors. It is equipped with impressive rugged tyres which have extreme grip on muddy surfaces. The coloring, decals and exhaust pipe make this kart a real Deutz-Fahr for the young farmer and Deutz-Fahr fan.

DEUTZ FAHR

1. BFR & BFR-3 FRAME

Inspiring Active Play

All BERG Frames, except the E-BF frame, are equipped with an unique BFR-system, incorporating a back pedal brake, together with forward and reverse pedaling. For maximum safety pedaling forward and reverse are automatic with no need for a lever or switch. The BFR-system incorporates a freewheel. Which means that the pedals do not

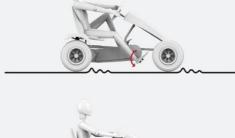

turn when the kart is moving and you stop pedaling. Resulting in a very safe ride. Next to the BFR-system most themes are also suitable for a BFR-3 system. On

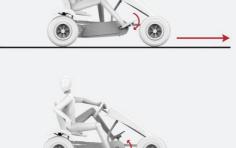

every page in this brochure you can find if a BFR-3 system is also an option for that particular theme.

The BFR-3 system has al the benefits as the BFR hub. The advantage is that this system has 3 gears for optimal speed and comfort. The 2nd gear is equal to the "normal" forward motion of the BFR hub. The 1st is a little lighter and the 3rd a little heavier. With the BFR-3 system the go-kart is suitable for all terrains.

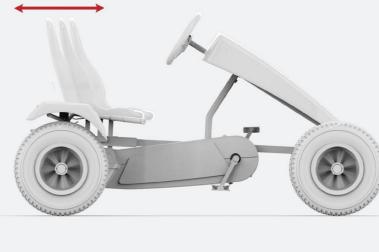

BERGTOYS.COM

Inspiring Active Play

Every BERG Frame has an adjustable seat. The seat can be set in 6 (XL Frame) or 8 (XXL Frame) different positions resulting in many

years of driving pleasure!

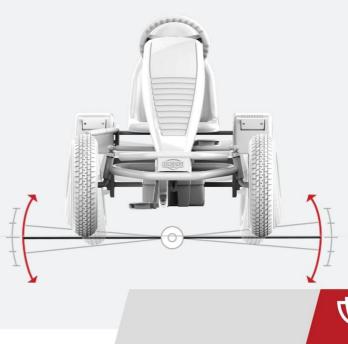

BERGTOYS.COM

Inspiring Active Play BERG Go-karts are designed to be suitable for all terrains. Smooth, bumpy,

hard or soft ground. It's no problem for this ride-on!

Thanks to the swing axle all 4 wheels will stay in contact with the ground and this gives you optimal grip and control.

BERGTOYS.COM

support you will get from the motor.

ECO, TOUR, SPORT and TURBO. You can enjoy at least 2 hours of carefree driving with the battery on this go-kart. The BERG E-go-kart can reach speeds of up to 16 km per hour. This model is suitable for children from the age of 6. Supported by a torque sensor. Your pedal action is multiplied.

Most theme-packages are suitable for the E-BF system. On every $% \left(1\right) =\left(1\right) \left(1$

The E-BF system is equipped with a 250W E-Motor that provides bedal support. The BERG E-go-kart has 4 levels of pedal support:

page in this brochure you can find if an E-BF system is also an option for that particular theme.

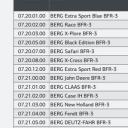

The ultimate quality go-kart!
