WHY A LEVELS TRAMPOLINE?

Choose for infinite fun!

The BERG Levels trampolines are developed in collaboration with primary school teachers. This resulted in an innovative game that encourages children to learn and develop in a fun way. Children enjoy playing together, but jumping with more than one person at the same time on a trampoline is not advisable. The BERG Levels game provides a way for children to play together with one child at a time on the trampoline and one or more outside the trampoline using the game balls. Children can play the game together or alone and improve their jumping techniques, memory and math skills. From fun basic games to a challenging training.

The BERG Levels trampolines are equipped with three soft foam balls and a life-size board on the trampoline for active play in every garden.

In this productsheet you can find information about:

- The extras
- The Levels games

BERGTOYS.COM

1. THE EXTRAS

The BERG Levels trampoline has a jumping mat with a special print. The bright colors on the jumping mat and the game balls gives the trampoline a playfull appearance. BERG has developed three unique game balls with their own individual print. These three different game balls are the key to endlessly creating new games. The three game balls are made of water-repellent "closed cell foam" and the soft foam is user-friendly.

Regular jumping mat for Favorit and Airflow jumping mat for Champion and Elite.

Rule sheets in six languages.

Easy clip-on bag for storing the game balls & the rule sheets.

Tree soft game balls.

Jumping mat with special print.

*Learn & develop with
infinite fun*

2. THE LEVELS GAMES

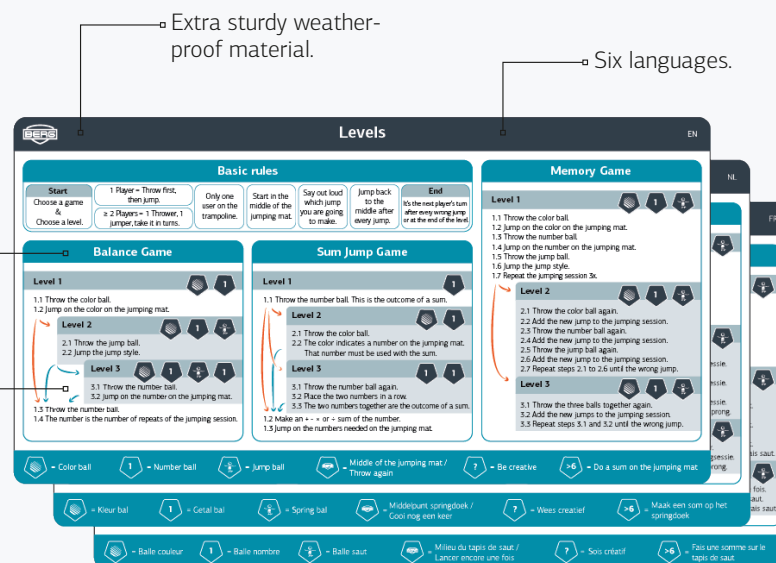

The BERG Levels trampolines are developed to play infinite games with. To stimulate children to learn and develop with infinite fun, BERG added an educational element to the BERG Levels trampolines. To achieve this, BERG has collaborated with primary school teachers. This resulted in three games with different levels:

- Balance game (The better the balance, the better the jumps)
- Sum jump game (Playfully learn numbers and maths)
- Memory game (Train the brain in a fun way)

Three different games for a lot of game variations.

Three different levels to improve skills.

BERG LEVELS TRAMPOLINES

Choose for infinite fun!

BERG Trampoline ●

If you prefer not to dig a hole in your garden, a high trampoline is a good choice. A high trampoline is easy to install and move around and is also clearly visible in your garden.

BERG InGround Trampoline ●

A sunken trampoline with a safety net has a low threshold, making it easy and safe to step onto. The InGround trampoline is less visible in the garden than a high trampoline.

*Jumping **safe** and **long**,
in every garden!*

BERGTOYS.COM

WHY A CHAMPION?

Choose the unbeaten Champion!

The BERG Champion has been developed with great attention and care. This resulted in a qualitative excellent trampoline, which is safe to use. It does not matter which one you choose, you choose quality with a BERG Champion. The BERG Champion is cleverly designed for long and safe jumping. The combination of the TwinSpring Gold springs and the AirFlow jumping technique ensures less air resistance, a larger jump area and more jumping fun!

In this productsheet you can find information about:

- The round shape
- The protective edge
- The jump mat
- The springs
- The frame
- The Safety Net Deluxe
- The Safety Net Comfort

Warranty

Frame:	13 year*
Protective edge:	2 year
Jumping mat:	2 year
Springs:	5 year

* On registration at bergtoys.com/registration.

*Jumping **safe** and **long**,
in every garden!*

BERGTOYS.COM

1. THE ROUND SHAPE

The frame of a round trampoline is very strong. On a round trampoline you always jump towards the centre. The best jumps are made in the centre of a round trampoline. This is because the tension on the springs and the frame is equally divided when jumping.

Perfect Jump Area GoldSpring Solo

Perfect Jump Area TwinSpring Gold

*Jumping **safe** and **long**,
in every garden!*

* TwinSpring springs are fitted on the Elite and Champion trampolines as standard.

BERGTOYS.COM

2. PROTECTIVE EDGE

Champion trampoline has a padding with a 30 mm thick foam layer. The foam layer is made from water-repellent "closed cell foam". The foam is covered by a thick water-resistant top layer of enforced PVC. The padding is 380 mm wide which ensures a good protective overlap of the springs.

*Jumping **safe** and **long**,
in every garden!*

3. AIRFLOW

Higher jumps mean more fun. We have developed the AirFlow technique to enable you to make higher jumps. This jumping mat allows 50% more air permeation compared with a standard jumping mat. Good airflow ensures less resistance while jumping, which is why you can make higher jumps.

The durable AirFlow jump mat is made from woven polypropylene. The jump mat contains special spring-eyes for the TwinSpring system. The loops for the strong metal spring eyes are thoroughly joined to the jump mat with no less than 8 rows of stitching.

AIRFLOW

The AirFlow product innovation is only available on the BERG Champion and BERG Elite lines.

Jumping **safe** and **long**,
in every garden!

BERGTOYS.COM

4. TWINSRING GOLD

The perfect jump area is that optimal part of the jump mat which results in the best jump experience. Jumping outside of this area results in a sense of feeling as if you are being pushed towards the inner part of the trampoline. Trampolines comprising of TwinSpring Gold Springs are mounted in the shape of a "V". This allows for larger perfect jump area compared to trampolines that are sold with a conventional spring.

Another advantage? Due to the angled positioning of the TwinSpring Gold, the springs are longer in length without compromising the size of the jump mat. This results in a safer trampoline that optimizes playing pleasure!

The BERG TwinSpring Gold is a long and slender spring. The spring is completely galvanized with a durable rust-resistant layer of zinc that covers the complete surface of the spring. Installing the springs has never been easier with the user-friendly installation system.

The jump mat is equipped with 4 red spring-eyes and the round top frame (top rail) of the trampoline has 4 locations that are marked red. Install the springs in between the red locations of the top rail and red spring-eyes and the jump mat is always installed properly.

TwinSpring Gold

Perfect Jump Area

GoldSpring Solo

Perfect Jump Area

*Jumping **safe** and **long**,
in every garden!*

5. FRAME

The Champion has a solid frame of strong tubes with a substantial tube thickness. The frame is highly rust-resistant caused by the special double coating on the tube. The tubes are first provided with a durable zinc-layer and then covered with a beautiful black powder coating layer. The frame is easy to assemble.

*Jumping **safe** and **long**,
in every garden!*

6. SAFETY NET DELUXE

The unique hoop at the top of the Safety Net keeps the net nice and taut.

Foam padding around the Safety Net poles provides extra protection.

Extra safe self-closing entrance.

The BERG top cap connects the top hoop with the Safety Net poles.

The curved poles provide extra safety by creating distance between the Safety Net and the pole.

Extra sturdy band material.

The poles are equipped with solid clamps that are easy to assemble.

*Jumping **safe** and **long**,
in every garden!*

7. SAFETY NET COMFORT

The Safety Net Comfort is a safe net through the self-closing entrance with recognizable piping. The poles of the net can easily be attached to the trampoline frame (Regular or InGround). Due to the thick foam around the poles, it is extra safe.

*Jumping **safe** and **long**,
in every garden!*

BERG CHAMPION FLATGROUND

Choose the unbeaten Champion!

BERG FlatGround Trampoline ● ●

A FlatGround trampoline integrates seamlessly with your garden. This is because the protective edge of the trampoline is completely level with the garden. This makes the trampoline unobtrusive and very easy to step onto.

The rectangular tubular frame is very strong and of high quality. As a result, the trampoline remains stationary and noiseless.

The Elite FlatGround has a special noise-reducing strap underneath the padding. This prevents the padding from rattling against the jumping mat and enables you to make quite jumps.
