BUY A STREET-X!

Unique movement

Looking for a totally different and cool pedal go-kart? Then the BERG Street-X is definately something for you! With this unique product you steer not by moving your arms or hands but by moving your entire body! This movement is inspired on the movement you make while turning on a motorcycle or a race car.

The Street-X has air tires which gives you the ultimate comfortable ride. The integrated BFR hub will let you pedal easy and safe.

- Adjustable seat
- **BFR** hub (1). Easy, quick and safe!
- Extra grip and comfort due to air filled tyres
- **Unique steering** (2) by moving your entire body
- Suitable for children from 4-12 years old
- Maximum user weight 60 kg
- Durable steel frame
- **Hand protectors** (3) for extra safety
- CE certified

1. BFR HUB

The BERG Street-X is equipped with a unique BFR hub, incorporating a back pedal brake, together with forward and reverse pedaling. For maximum safety there's no need to switch or use a lever to change from pedaling forward to reverse.

The BFR hub incorporates a freewheel, which means that the pedals do not turn when the kart is moving or you stop pedaling. Resulting in a very safe ride.

2. UNIQUE STEERING

Experience a unique way of steering by moving your entire body. This motion gives you the feeling as if you ride a motor cycle. And ones you gain speed the steering will feel smoother and smoother.

3. HAND PROTECTORS

The BERG Street-X is equipped with special hand protectors that will prevent your knuckles from injuring if you accidentally hit something. Also the hand protectors give stability when steering.
